

CK SERIES

Benefits

The lightest cylinder on the market for up to an extra 230 kg per tip

Increased productivity with the fastest tipping cycles

Zero downtime and minimal servicing with a fit and forget reputation you can count on

Optimum bodybuilder turnaround time with combined ram & tank assembly, reduced piping and easy-fit brackets

Models in the CX Series are available with lift capacities from 10 to 32 tonnes and are designed for rigid trucks with 15 to 36 tonne G.V.W.

Actual kit weight relates to complete hoist kit including PTO/pump
Actual weights vary according to installation
* Further strokes available on request

Features

Edbro's laser-welded one-piece tube construction maximises the weight advantage of the CX Series

The unique, high performance sealing system increases seal and tube life for a true fit and forget cylinder

Integrated hydraulic valve with built-in burst prevention feature for reduced risk of damage in fitting and the ultimate safety in operation

Model code	Nominal truck GVW (tonnes)	Hoist stroke (mm) *	Nominal lift capacity (tonnes)	Nominal body length (metres)	Average kit weight incl. oil (kg)
CX10	15	3059	10 - 13	4.0	212
		3359		4.3	
CX11	18	3271	12 - 15	4.25	289
		3871		5.0	
		4271		5.5	
CX11	22	3344	16	4.5	289
		3644		5.0	
		3944		5.25	
CX13	26	3841	19 - 24	5.0	442
		4241		5.5	
		4641		6.5	
CX14	32	5041	22 - 25	6.5	477
		4606		5.75	
CX15	32 - 36	5006	29 - 32	6.5	535
		5606		7.0	

Increase Your Profits

With a potential weight saving of up to 230 kg per load, the Edbro CX Series increases long-term profitability. See for yourself how much extra profit you could make with our simple weight saving calculation:

Weight saving of 0.230 tonnes x 5 loads per day = 1.15 tonnes extra payload per day
 1.15 tonnes extra payload per day x 5 days worked per week = 5.75 tonnes extra payload per week
 5.75 tonnes extra payload per week x 48 weeks worked per year = 276 tonnes extra payload per year
 276 tonnes extra payload per year x £5 rate per tonne = £1,380 additional income per year
 £1,380 additional income per year x 6 year life of chassis = £8,280 additional income during chassis life

Increase profits by £8,280 with the Edbro CX Series

Based on a saving of 230 kg on the CX14 model in the CX Series - actual savings vary according to application.
